PELI 1 YEAR LIMITED GUARANTEE

Peli Products S.L.U. ("Peli") guarantees its rotationally moulded products will be free of defects in materials and workmanship for one year from the date of invoice. This warranty does not cover any associated hardware including closure hardware, handles, wheels, and fasteners, which Peli warrants against defects in materials and workmanship for 90 days from the invoice date. This warranty applies only to the original purchaser and is not transferable. To the extent permitted by law, Peli's liability is limited to the case and not its contents and in no event shall Peli's liability to the purchaser for damages exceed the purchase price of the case in respect of which damages are claimed. All warranty claims of any nature are barred if the container has been altered, damaged or in any way physically changed, or subjected to abuse, misuse, negligence or accident.

ADVANCED CASE SOLUTIONS

PELI-HARDIGG & THE MILITARY PARTNERS IN PERFORMANCE

For over half a century, Peli-Hardigg engineers have proudly developed custom solutions for the transport and packaging needs of the US Military. Our innovative products enable sensitive equipment to travel through hostile environments and arrive operational. Many of our models have been tested in the field as well as in combat situations. By developing custom solutions, testing new materials and continuously improving designs based on user feedback, we have been able to build this robust line of cases that proudly live up to the harsh demands of the military. We look forward to solving your toughest shipping issues and seriously encourage your requests for specific-need cases. After all, in the field, top-notch performance matters most.

THE HIGHEST LEVEL OF CONFIDENCE IN THE FIELD

Peli-Hardigg Mobile Military Cases keep your sensitive and vital equipment safe from moisture, dust, sand, salt and even impact. Safe inside, your gear is protected against drop damage while the rib design maximizes stacking and stability en route. When you open a Peli-Hardigg Military case, be assured you'll find what you packed inside arrives fully operational. We know lives are counting on you, so you can count on us.

MOBILEMASTER™

Sensitive equipment and crucial supplies arrive ready to deploy in Mobile Master 463L pallet-ready cases. Non-slip ribs stack all four sizes firmly together to get the maximum usable space per pallet while no moisture or contaminants get through to the supplies. Chemical resistance makes international delivery a breeze and lightweight materials let you pack more goods per shipment. By sea, air or truck – nothing ships more efficiently than Mobile Master.

STACK WITH AUTHORITY:

THE NEW ISP² CASES WITH INTER-STACKING PATTERN KEEPS LOADS TIGHT.

IF IT'S GOT TO GET THROUGH, IT'S GOT TO BE IN A PELI-HARDIGG™ ISP² CASE

Shifting loose cargo can slow down your operations and threaten the mission with damaged freight. The new ISP² Cases from Peli virtually eliminate load movement with a unique Inter-Stacking Pattern (ISP). The system is compatible across 64 different case sizes, from 0,018 to 0,576 cubic metres of storage.

EURO PALLET 1200MM X 800MM

Designed for Euro Pallet standard 1200mm x 800mm, the ISP² Case system can be cross-stacked to form a solid load. The ISP² Case metric system allows all 64 sizes to be mixed on an Euro Pallet with no wasted space. The use of columnar ribs in the case walls can support a much taller pallet stack than corrugated boxes. This takes advantage of overhead cargo space that would otherwise be wasted. Handles on all ISP² Cases will enhance the speed of deployment over conventional containers.

NATO PALLET 1200MM X 1000MM

Designed for the NATO Pallet standard size 1200mm x 1000mm, the ISP² Case system can be cross-stacked to form a solid load. The use of columnar ribs in the case walls can support a much taller pallet stack than corrugated boxes. This takes advantage of overhead cargo space that would otherwise be wasted. Handles on all ISP² Cases will enhance the speed of deployment over conventional containers.

463L MASTER PALLET 2640MM X 2130MM

Military logistics have long relied on the 463L pallet to move large loads for multiple operations. However, unorganised and loose loads can threaten operations such as cargo airdrops. The Inter-Stacking Pattern builds a tight, stable load with minimal strapping or netting. Upper level cases, when cross-tied to the layer below, can effectively control shifting of the entire load.

MISSION CRITICAL

Mission Critical operations are defined as those where equipment failure is simply not an option; where preventing the snowball effect of a single breakdown means stopping potentially catastrophic failures down the line.

Today's investment in the exacting protection of an Advanced Case Solutions custom protective case pays off with Mission Critical equipment reliability over time.

PELI - HARDIGG

Advanced Case Solutions are the embodiment of Peli-Hardigg proficiencies across materials science, packaging engineering, project management and manufacturing. As the inventors of the industry standard cushioning curve formula, innovators in case design and experts in protecting high-tech military equipment – few challenges are beyond our capabilities. Our products have protected the most sensitive, state-of-the-art technologies deployed around the globe under the most exacting conditions by military, private sector and industrial customers. We are experts at Mission Critical success.

OUR GUARANTEE OF PERFORMANCE

The final step in our customisation process is the application of an Advanced Case Solution Authenticity mark. This guarantees that every installation, part, accessory and design feature within your Advanced Custom Case Solutions product not only meets your needs but also lives up to our own Mission Critical standards. Equipment failure is not an option. The use of other aftermarket services and accessories voids this authenticity and jeopardises your mission success. It is our firm belief that to protect best, we must protect completely. Only authentic Peli-Hardigg Advanced Case Solutions™, quality controlled by our experienced engineering team from design through installation, can deliver Mission Critical guaranteed performance.
